FOR YOUR TRIP

DON'T PASS UP CITYPASS | Holiday travel can be hard on the wallet. If you're visiting Atlanta, Boston, New York, San Francisco or another big city, you might want to invest in a CityPass. The pass gets you access to some of the area's top attractions at roughly half the price. If you have guests visiting Chicago, there's a CityPass available for our fair metropolis, too. Getting in the Shedd Aquarium, Field Museum, Adler Planetarium, Museum of Science and Industry and the Hancock Observatory would normally cost adults \$94.30, but you'll pay \$49.50 with CityPass. Citypass.com or (888) 330-5008.
